Group SMS Messaging

A powerful SMS communications tool

This is an SMS standalone solution that allows various groups of users to be sent text messages in just one instruction

BENEFITS Include:

- Fast communication of urgent messages
- Simple 'mass' text communication
- Low cost of texts
- Can be used to send:
 - Sales messages
 - Emergency messages
 - News
 - Status messages

GSM is special because:

- It is a ready built system – so can be customised very quickly
- It is constantly being developed & maintained – so clients will benefit from continuous improvement

The screenshot shows a window titled 'View/Amend Personnel'. Inside, there is a text prompt 'Enter/Amend Personnel data in the grid below:' followed by a table. The table has five columns: Title, Forename, Surname, MobileNo, and Personnell. The table contains 15 rows of data. At the bottom of the window is a 'Close' button.

Title	Forename	Surname	MobileNo	Personnell
Mr	John	Doe	01234 123456	
Mr	Paul	Brown	01234 123457	
Mr	John	Smith	01234 123458	
Mr	Gary	Jones	01234 123459	
Mr	Peter	Williams	01234 123453	
Mrs	Jane	Green	01234 123410	
Mrs	Kim	Wilson	01234 123412	
Miss	Jenny	Black	01234 123413	
Mr	Barry	Tucker	01234 123414	
Mrs	Sally	Bright	01234 123415	1
Mrs	Joanne	Knight	01234 123416	1
Mrs	Wendy	White	01234 123417	1
Mr	Nigel	Stone	01234 123425	1

Add Personnel Screen
